The Offeror may submit its proposal via email to the LLNS Contract Administrator at [moffet3@llnl.gov](mailto:moffet3@llnl.gov). It should be noted that LLNL’s firewall may prevent submission of particularly large files. Prior to submitting a proposal via email, the Offeror should notify the LLNS Contract Administrator of such intent at least 10 days prior to the proposal due date and submit a test file (of a type and size representative of the largest file to be include in Offeror’s proposal) via email to validate if there may be any potential LLNL firewall obstruction. The LLNL firewall will block any file with a .zip extension.”

All other terms and conditions of the RFP remain unchanged.

Sincerely,

Julie Moffet  
LLNS Contract Administrator
